## Permission waiver

For safety reasons, all campers need to be picked up by an approved adult from the lobby at the end of rehearsals. There will be a sign out sheet, and the approved adult needs to sign the sheet to show that they have picked up their camper(s). Alternative pick-up arrangements are available, but they need to be discussed with the Education Director.

Parents/Guardians and emergency contacts are already considered approved adults. You may add an approved adult at any time, but that needs to be communicated by the registering parent/guardian to the Education Director.

I give permission for my children to attend the programs and activities under the supervision of the employees of the the George Daily Auditorium. I agree to hold the George Daily Auditorium and its employees blameless for any and all claims that might arise as a result of the participation of my child in these programs. Furthermore, I give permission to the George Daily Auditorium to use any photographs or videos taken of my child for purposes of publication and promotion.
